

## Dance in Orbost

If you're in East Gippsland this summer, make sure you call into the [Orbost Studio for Dance Research](#)

Internationally recognised, local dance artist, Rosalind Crisp is offering small scale viewings of her work, DIRt (Dance In Regional disaster zones)

*DIRt has been a 7-year dance in the dimming light of East Gippsland's native species. Things have only gotten worse...  
What has my body got to say now?*

Over summer, the Orbost Studio will be turned into a DIRt workroom – a dance stripped back, a book in process, a conversation perhaps...

During the project, Rosalind will consolidate DIRt archives, write and dance. These will all be on view, accumulated, rearranged – a creative process exposed. Feel free to visit more than once and see how the materials develop.

**Viewing times** 11am & 2pm

December Sun 29, Mon 30, Tue 31 / January Fri – Sun 3, 4, 5 / 17, 18, 19 / 24, 25, 26 /

... or by appointment 044 726 9930
